Mandatory notification of laboratory confirmed COVID-19 cases

The COVID-19 is still continuing as a pandemic and Sri Lanka is managing the outbreak under strict surveillance. With normalization of the country and heading to gradual opening up of the ports of entries for trade and travel, extra vigilance is required by further strengthening the surveillance activities.

As the proper authority for implementation of the "Quarantine and Prevention of Diseases Ordinance No. 03 of 1897", I declare **"COVID-19" as a notifiable condition with effect from 1st July 2020**, for COVID-19 surveillance.

Each laboratory confirmed new case of "COVID-19" is required to be immediately notified over the phone to the Epidemiology Unit

- o Epidemiology Unit : 0112695112
- o Dr. Samitha Ginige-0777664036, Dr. Deepa Gamage-0777295158, Dr. Thiraj Haputhanthri 0776184402,

and

followed by sending the duly completed format of the notification

- o fax to : 0112696583,
or
- o Email to : covidepid231@gmail.com
or
- o post to : Epidemiology Unit, No: 231, De Saram Place, Colombo 10

- Treating clinicians are the responsible authority for immediate notification of the COVID-19 confirmed cases.
- Heads of all health care institutions at COVID-19 isolation centres, treatment centres and private healthcare institutions should identify a focal point for facilitating the immediate notification process through above means to the Epidemiology Unit.

Please bring this to the notice of all relevant Consultants, Medical Officers and Nursing Officers in the hospital to make this endeavor a success.

Dr Anil Jasinghe,
Director General of Health Services.
